## ***Special Teacher Meetings Schedule Announced***

Special Teacher Meetings were held last year on Mondays; classes were shortened by 5 minutes, with dismissal of the students at 3.05. Because of the pressure this put on Monday classes, the arrangement for these meetings this year is to rotate them through a Monday, Tuesday and Thursday cycle. With that in mind the following meetings have been planned for the first half-term:

Monday 8 September	Monday 29 September	Thursday 16 October
Tuesday 16 September	Tuesday 7 October	Monday 20 October
Thursday 25 September

### ***A Note from Bro. Jim***

At Christmas of this year I will have completed 20 years as principal of the college. My sense is that this is a timely landmark to pass the principalship to my successor. Since February of this year I have been in dialogue with my religious superiors and community. Having made the formal request, it has been accepted.

Over the coming months the interviewing, selection and appointment process will take place.

We ask for your prayers during this time of transition.
